

25 ft. NEMA 5-15P to IEC-320 C13 Hospital Power Cable

- Hospital grade (Green dot) power cable, UL, CUL & CSA certification
- Perfect for use in a Hospital, Doctors Office, Dentist, and any other Healthcare facility
- Used for Office PCs, monitors, scanners, printers, lab equipment, etc.
- Lifetime Warranty

Physical Characteristics: 25 ft. NEMA 5-15P to IEC-320 C13 Hospital Power Cable

Voltage Rating:	125V
Amperage Rating:	15A (14AWG)
Temperature Rating:	105°C
Cable Type:	SJT (Junior hard service, thermoplastic insulated conductors and jacket)

Approvals: RoHS Compliant

Certifications: UL/CUL, CSA

Warranty: Lifetime

Package Type: Polybag

Item	Description	Weight (lbs)
2306-48000-025	25ft Nema 5-15P to C13 Hospital Power Cable	3.50

Cable Specifications: 25 ft. NEMA 5-15P to IEC-320 C13 Hospital Power Cable

Conductor (Qty. 3):

Conductor Type: 14 AWG (41/0.254)
Soft-annealed Copper
Insulation: Average Thickness: 0.76mm
PVC
O.D.: 3.4 ± 0.1 mm
(1) black, (1) white, (1) green

Connector (Qty. 1):

Connector Type: NEMA 5-15P
Gender: Male
Contact Material: Nickel plated
Color: Black

Connector (Qty. 1):

Connector Type: IEC-320 C13
Gender: Male
Contact Material: Nickel plated
Hood: Molded PVC
Color: Black

Overall Cable

Jacket: Black PVC
Average Thickness: 0.76 mm
O.D.: 9.3 ± 0.2 mm
