

Coiled Hospital Grade Power Cords (NEMA 5-15P to IEC320 C-13)

Replacement power cords for PC, monitor, printer, and lab equipment

Power cords used in hospitals and other medical settings must conform to strict standards for grounding reliability, assembly integrity, strength and durability, as well as regulatory standards such as NEMA and IEC specifications. These standards are in place to ensure that power cords are safe and reliable for use in demanding hospital environments. The Coiled Hospital Grade Power Cord selection from Cables To Go is the ideal solution for replacing overused or misplaced power cables, or to optimize office or lab layouts with a "coiled" cable that is minimized when extra length is not required. This universal C13 series is designed to work with most PCs, monitors, scanners, printers and many other devices that are powered via the industry standard 3-pin C14 connector inlet.

The female C13 connector plugs directly into the device while the male Hospital Grade 5-15P connector plugs into a Hospital Grade supply outlet. Cables are available with black connectors to match any OEM or hospital vstandard. Performance is guaranteed through a lifetime warranty. Easily recognizable through the Green Dot mark, these coiled hospital grade power cables ensure compliance and maximum performance.

Item#	Description
2306-48064-004	4ft 18AWG Hospital Power Cable Coiled, 5-15P-C13 - Black
2306-48065-006	6ft 18AWG Hospital Power Cable Coiled, 5-15P-C13 - Black
2306-48066-008	8ft 18AWG Hospital Power Cable Coiled, 5-15P-C13 - Black
2306-48068-004	4ft 16AWG Hospital Power Cable Coiled, 5-15P-C13 - Black
2306-48069-006	6ft 16AWG Hospital Power Cable Coiled, 5-15P-C13 - Black
2306-48070-008	8ft 16AWG Hospital Power Cable Coiled, 5-15P-C13 - Black

Features

- Available in 16 & 18 AWG gauge selections
- Hospital Grade UL & CSA certification
- Complete selection of length and gauge stock availability
- Input: NEMA 5-15P connector
Output: IEC320 C-13 connector
- Lifetime warranty

Applications

- Perfect for hospitals, doctor's offices, dentist offices, or any other healthcare facility requiring Hospital Grade power connections for:
 - Office PC's, monitors, scanners, printers
 - Lab equipment, nurse carts
 - Conference room projectors, TV's
 - Patient room TV's, equipment
 - Hallway digital signage monitors, projectors, TV's
